Stamp Duty Land Tax Relief

Property Transaction Tax

For properties of over £1m significant reductions in SDLT can be achieved with strategic planning and contract clarifications using an eminent and published property tax adviser.

The current SDLT legislation is complex and contains a number of exceptions and exemptions which, applied properly, may reduce or eliminate the SDLT which initially appears to be due. Our expert advisers have been working within this complex tax area for over 10 years and has advised on cases for HMRC.
